Chairman's Address

It is my privilege to address our members, vice-presidents, sponsors and supporters during this our 125th anniversary season. We are planning a number of events throughout the year to celebrate this achievement including an anniversary dinner and an end of season tour to Santander in Spain.

The club has gone through several changes in recent years, and still faces some challenges. One ambition this year is to secure the athletic playing field at Wooford Park and to guarantee its use for sport in Laugharne for generations to come. The decision was made at the last AGM to move the club HQ to the Fountain Inn which is a return to our traditional home. I must acknowledge our sincere gratitude to the Cross House for providing us with essential accommodation over the last few years.

On the field, the senior team has made steady progress under the coaching of Gary Price just missing out on second place in Division 3A West last season. To build on this success, and with Carl Smith leading the team for a record fourth season, our aim must be to win the division and gain promotion. I am positive and believe this to be a realistic target following the recruitment of some quality players to enhance our existing talent and good and enthusiastic attendance at pre-season training.

Junior rugby in the club continues to thrive thanks to the commitment of the coaches and parents. We are currently providing rugby to boys and girls at under 7, 8, 10, 12 and 13 age groups who will hopefully develop into senior players in the future.

Finally, I want to offer a massive thank you to all our sponsors for your continued support. Grass roots rugby would not survive without this important source of income which maintains senior and develops junior rugby within the club.

Tom McCabe

LAUGHARNE R.F.C.

The Township of Laugharne is known throughout the literary world as the home of Dylan Thomas. Laugharne RFC is renowned through the rugby world for the enterprising play of its backs and the stern test afforded by its forwards to any team.

The Club has always offered its visitors a very warm welcome on the field and magnificent hospitality off the field. Although in recent years the Club has not enjoyed the success the talent it has produced suggests it should enjoy, it has always played with passion.

Players nurtured at Laugharne have gone to other Clubs to hone their talents. The classic example being Gary Pearce whose footballing skills were developed at home in Laugharne before flourishing with Bridgend RFC, Llanelli RFC and Wales. He was a fine Ambassador for Laugharne RFC.

It is a testimony to the Club that players who have tested rugby with the larger Clubs are anxious to end their playing days back home in Laugharne, contributing to the development of the Club.

The Club has great spirit which has carried it through one hundred memorable years. On behalf of the Welsh Rugby Union it is my honour to congratulate Laugharne RFC on attaining its Centenary and wish the Club every success in the forthcoming celebratory season.

HISTORY OF LAUGHARNE RFC

No-one is quite sure when Laugharne Rugby Football Club was formed or the game itself first played here. Our Centenary is being celebrated this year because an 1893/4 team photograph is our earliest actual proof of the club's formation. However, it is said locally that Laugharne had a Rugby team in 1883, and quite probably in 1879, two years before the formation of the Welsh Rugby Union.

Evidence for 1879 is strong. A newspaper report appeared that year saying Llandeilo had to cancel their football game in Laugharne because of flooding on the railway line outside Llandeilo. The word 'Rugby' was not used, but in those days football was football and the separate names had not fallen into everyday use. Searching through back issues of The Carmarthen Journal, we have discovered that 'Rugby' was not referred to as such until many years later. Rugby historians claim the game was brought to South and West Wales by public schoolboys and graduates of Oxford and Cambridge. That certainly seems to have been the case in Laugharne. The Rev.

William Harrison was playing Rugby here in 1883 when he was Curate and his father the Rev. Jasper Nicholl Harrison, Vicar of St. Martin's Church. Both were Oxford graduates and would have been in daily contact with other wealthy and English-educated families who lived here then.

The Laugharne XV, circa 1928.
Back row: l-r: Gwilym Hughes, Jim Brown, Billy Brown, Jack Williams, George Brown, Tom John
Middle row: l-r: Willie Langdon, Rees Langdon, T. W. Jones (Captain), Wilmoit John, T. R. Rowlands
Front row: l-r: Wilfred Brown, Arthur A. Adams, Jack Langdon and Tom Watts.

The earliest known photograph of a Laughtarne RFC team. This was taken in 1893/94, outside Sea View, Laughtarne, which was then the Club's Headquarters. Two of the gentlemen standing at the back have been identified as Towers Smith and Edmund Hurt-Peel, who probably helped to found the Club. We have not been able to identify the players... no-one in the town knows what their grandparents looked like as teenagers.

It was admission in 1971/72 to the West Wales League that made all the difference. In their first season, Laugharne were one of the top four clubs. Until Laugharne joined the League, the other clubs had been playing a sort of ten-man Rugby, all concentrated on the forwards, with scores like 3-nil, 3-3 or 5-3, but we introduced a much faster game, throwing the ball around and using the backs.

The first major highlight came on Christmas Eve 1971, when Laugharne found themselves drawn against Llanelli in the first Schweppes Cup game ever held in West Wales. Llanelli wanted Laugharne to play at Stradey Park, but Emrys the Cop, by then Club Chairman, insisted that Llanelli should come down here. Emrys went on television and said that Llanelli were scared to come to Laugharne, and a tremendous interest built up in advance of the game.

This was not only the first Cup game held in West Wales; it was also the only time any Internationals had come to play in Laugharne. Over 3000 people turned up to see the game, standing seven and eight deep all around the pitch. Although it was a dull, muggy day, an enormous cheer went up as the Laugharne team ran through a gap in the crowd on to the field.

Llanelli won 27-10, a remarkable score for Laugharne given that Llanelli fielded six full Welsh Internationals.

A line-out in the 1971 game against Llanelli, which drew the largest crowd ever seen in Laugharne. Llanelli won 27-10, but the biggest roar of the game came when Barrie Jackson scored a try for Laugharne. In this photo Jackson (No.3) has his back to the camera, faced by (l-r) John Glanville, Stuart Buchan, Graham Thomas and George Phillips. From l-r on the Llanelli Side: Gareth Jenkins, now assistant coach to the Welsh team; Tony Crocker, Michael Trueman and Derek Quinell, who also played for Wales and the British Lions.

Although beer, friendship and laughter are an essential part of the Club's life, no one ever forgets that this is primarily a Rugby club and every now and then Laugharne produces outstanding players and moments of magic on the pitch that thrill the whole town.

Perhaps the greatest of all, a moment that lives in the memory like the game against Llanelli, was the game fought against another legendary Welsh team, Ebbw Vale, in the Welsh Cup in November 1979.

Once again, a famous team came to Laugharne — and only just managed to win by one penalty goal, the only points scored during the whole match. MUDDIED — BUT UNBOWED ran the headline in The Carmarthen Times, with the secondary headline LAUGHARNE MARAUDERS RATTLE MIGHTY STEELMEN.

The game even merited this review in The Western Mail

LAUGHARNE GIVE EBBEW

GREAT FIGHT

Laugharne 0 Ebbw Vale 3pts

Two action shots from the game against Ebbw Vale in the Welsh Cup in 1979. It was a thrilling game, with Ebbw Vale only just scraping through 3-0. Jakey Edwards was No.1 and Denzil Brown No.3. Glyndwr Jenkins, George Phillips and Dai Pearce can all be seen reaching for the ball.

Founded in 1952 Mason Bros is a family owned partnership whose management are second and third generation family members. Specialising in new and used construction machinery sales and service.

We operate from two depots, our original headquarters in Lampeter Velfrey, our purpose built site in Bryncethin, Bridgend.

Our extensive workshop facilities in both depots enable us to back all our customers to the highest possible standards and we have a modern fleet of on-site service vehicles

All of our engineers are fully trained on the products that we sell and regularly attend factory training courses to gain expertise on the latest products. We have our own low loaders and plant transporters which help to increase our efficiency and service back up.

However, what makes it all work is the team of dedicated staff and our management who accumulatively have over 200 year's experience of construction machinery.

Laugharne Mini Section.

Most people involved in rugby are aware of the problems relating to decreasing numbers of players in the adult game over the past few seasons. We in Laugharne are tackling the problem by ensuring we provide the opportunity to as many children as possible, working hard behind the scenes with various clubs and schools to ensure a strong junior section so that the future of the game is assured within our town and surrounding area.

For the coming season the Mini section will have an Under 7, Under 8 and under 10 teams. Training will take place at Wooford Park on a Thursday evening at 17:45pm until 19:00pm

Your Coaches for the 2018/19 season will be:-

Under 7's – Shaun Lynch Contact Number 07484 201691

Under 8's – Mark Stephenson Contact Number 07528 728685

Under 10's – Andrew Phillips Contact Number 07980 862095

2017-18 Season

Under 7's

Coaches Mark Stephenson and Phillip Brown had a lot of new faces this year and the speed and depth to which they have integrated into the squad is a real credit to the players and coaches. Everyone is welcome and everyone is accepted and in this squad everyone has had a part to play. The new players have learned fast and 'stepped up' whilst the 'old heads' have provided support and assistance. It's been a real pleasure for the coaches and parents to watch the team gel.

They had a fantastic 2017/18 season, good luck to Mark, Phillip and all players for 2018/19 season moving up to Under 8 level.

Under 9's

The big game changer during 2017/18 was full contact tackling and step up for the players. Through teamwork, communication, and sometimes brute strength, the team have created a defence that is quite terrifying and made the under 9's a force to be reckoned with.

Defence however is only half a picture, the foundation if you like, that coaches Andrew Phillips, Shaun Lynch, Jack Morris and Team manager Dan Hennessy build a game on.

A team made up of 50% boys and 50% girls, every one of them adding a different skill to combine into the team they have become.

Highlight of the season was winning the Whitland tournament and coming runners up in the St Clears tournament. A fitting end to a great year of rugby.

Fantastic year and bring on Under 10 Rugby!

Laugharne U13's

As Laugharne Under 13's, we are also aware of the problems relating to decreasing numbers of players in rugby and in sport in general. Over the past few seasons we have been working together with Whitland Juniors to ensure that players from both clubs have the best possible opportunities by combining our U13's to form 'Whitlarne'. Together with Whitland and many other clubs, we are for ever competing with so many other sports but strongly believe that rugby is one of the best team sports around to develop many different playing skills and social skills.

Our ethos here at Laugharne is to create a fun, safe environment to develop skills and to play an exciting brand of rugby that people will enjoy playing and watching.

Training takes place at Wooford Park, Laugharne and Parc Dr Owen, Whitland on alternate Friday evenings at 18:00 until 19:15. For confirmation, please ring the coaches

Your Coaches for the 2018/19 season will be:-

Leigh Reynolds - Contact Number 07855 523 046

Gethin Jones - Contact Number 07943 094 734

If you have any questions please don't hesitate to contact the coaches, or alternatively bring your child along to training, give rugby a try, it's a fun family environment to be part of.

2017/18 Season

Even though no silverware was won, last year proved to be a very successful season only losing a handful of games and getting to the semi final of the Carmarthenshire cup only losing to the eventual winners. We played the Pembrokeshire fixture matrix and filled any gaps playing Carmarthenshire teams and both districts had strong teams and we competed with the best of them.

A VERY PECULIAR SENDING OFF

LAUGHARNE, JANUARY 1988

Gerry ‘Ginger’ McLoughlin was a bulwark of the Ireland pack that won the Triple Crown and Championship in 1982. A man of tremendous strength, he provided the abiding memory of the famous win at Twickenham that year when, early in the second half, he led a raid for the corner from a maul in the English 22 and finished off scoring the only try of his Test career to set Ireland on course for a 16—15 victory.

He was a typical son of Munster, hailing from Limerick, and his shock of red hair made him stand out in even the most protracted scrum or maul. Never one to start trouble, he would be the first to admit that he was never an angel on the rugby pitch. Certainly he was well able to mix it with the best of them during a successful playing career that culminated in a Lions tour to New Zealand in 1983.

Long after his international career was over he took up a position as bar steward at the Gilfach Goch rugby club in Wales and frequently turned out for the first XV. He was a part of the side that enjoyed a run to the fourth round of the WRU Challenge Cup in 1988.

In the third round match of that campaign at Laughame, he was involved in a very peculiar incident. An argy-bargy involving some of the front-row forwards at a lineout attracted the attention of Roy Rees, the referee. Ginger, never one to argue with authority but perhaps revealing his guilty conscience, heard the referee's comments and trudged quietly off the pitch to his early shower and thought nothing more about the incident.

Some 15 minutes or so later Mr Rees realised that Gilfach were a man short when a scrum went down minus a tight-head prop. It then dawned on everyone that Ginger had thought that he had been sent off and had left the field.
